The **IEEE Control Systems Society (CSS), Malaysia Section Chapter** is pleased to announce the 10th IEEE International Conference on Control System, Computing and Engineering (ICCSCE2020) that will be held on the **21 - 22 August 2020** in the state of **Penang, Malaysia.**

Due to the significant influence of **COVID-19** on everybody's life, the ICCSCE 2020 organizing oommittee has decided to conduct the conference in **Virtual Environment**. Attendees can present their papers and participate in all the sessions and activities that will be organized in a full immersive experience. All sessions and other activities will be offered in online streaming. This is a great challenge and opportunity for everybody to present and discuss virtually the latest technology advancement in Control System, Computing and Engineering.

- All conference sessions will be professionally chaired via Virtual Environment.
- Participation and presentation certificates will be delivered.
- A professional web-based environment will be created to offer a high level experience of participation.

This event provides an excellent platform for knowledge exchange between researchers, scientists, academicians and engineers working in the areas of control system, computing and related engineering fields. The conference also offers all participants the opportunity to collaborate and to be apart of the latest technological developments in control system and computing, to network with researchers in these areas and to remain competitive in the fourth industrial revolution (**IR4.0**). Note that the proceedings of ICCSCE 2019 and earlier ICCSCE proceedings are available in **IEEE Xplore** successfully and indexed by **SCOPUS.**
